

Goods: Procurement of Breaching and Security/Tactical Equipment

Organization: Solidarity Fund PL in Moldova

Type of contract: Purchase Agreement

Duration of the contract: The delivery period for the breaching and security equipment must be no longer than 4 months from the date of contract signing.

Deadline for submitting applications: 11.05.2025, inclusive.

Organizational Context: Solidarity Fund PL in Moldova is the Chisinau Branch of Fundacja Solidarność Międzynarodowej, Warsaw, a state foundation, managed and co-financed by the Ministry of Foreign Affairs of the Republic of Poland, created to contribute to the development of the neighbouring countries.

In 2023, Solidarity Fund PL successfully completed the process of obtaining the EU "Pillar Assessment" certification, joining the group of entities with greater capacities to access European funds. You can find out more about the activity of Solidarity Fund PL in Moldova [here](#).

Project Context: EU4 Moldova Resilience- Secure States, Resilient Communities (EU4MR), a 1.5-year project funded by the European Commission through the Service for Foreign Policy Instruments (FPI) and implemented by Solidarity Fund PL in Moldova (SFPL in Moldova). It is being launched as part of the European Union's support for the Republic of Moldova in the context of the country's intensified integration process into the EU and the decreasing geopolitical security in the region, exacerbated by Russia's aggression against Ukraine. The general objective and expected outcome of the EU4MR project is to increase the Republic of Moldova's resilience to emergencies and potential security threats. To this end, the capacities of state institutions will be strengthened to detect and counter potential emergencies and security threats. Additionally, the resilience of local communities will be enhanced by fostering local development opportunities that maintain social cohesion and increase confidence in the European path of the Republic of Moldova as a perspective for modernization and development of the country.

The expected results of the project implementation are:

Result 1: State institutions have enhanced their capacity to protect critical infrastructure, identify, detect, and counter threats, and inform the population about threats.

Result 2: The resilience of society to security threats is improved through various local opportunities and initiatives that maintain and promote social cohesion, thereby increasing confidence in the European integration process.

Together, these results will contribute to increasing the resilience of the Republic of Moldova to security threats.

Solidarity Fund PL in Moldova invites you to submit a bid for the following lots. Bidders may apply for one or more lots. Each bid will be evaluated individually and separately for each lot.

Description of the procurement:

The purpose of this procurement is to acquire:

1. Tactical Backpack – 350 Units

A compact, mission-ready tactical backpack built for high mobility, operational efficiency, and all-day comfort. Designed for law enforcement and special operations units, this backpack is ideal for short-range tactical deployments, rescue operations, and everyday carry in urban or wilderness environments. Its modular structure supports hydration systems and gear organization, while the MOLLE-compatible exterior and quick-release shoulder straps enable rapid reconfiguration in high-pressure scenarios. Lightweight and durable, this pack ensures both practicality and performance in field conditions.

2. Tactical Plate Carrier Vest – 88 Units

A robust, fully adjustable tactical plate carrier vest engineered for professional use in dynamic operational environments. Designed to accommodate ballistic or training plates, it provides modular support for

mission-specific gear and ensures optimal comfort during extended wear thanks to its breathable 3D mesh lining. Suitable for tactical operations, field training, and response deployments, the vest enables rapid donning and doffing via quick-release buckles and maintains secure, ergonomic fit even under full load. Its design supports full MOLLE/PALS integration for mission versatility and scalability.

3. Tactical uniform set including: long-sleeve polo skirt, pants, lightweight and winter softshell jackets and mid-cut boots – 18 sets:

3.1. Tactical Long-Sleeve Polo Shirt – 18 Units

Tactical long-sleeve polo shirts designed for personnel operating in field, urban, or range environments. Constructed from lightweight, breathable, and quick-drying technical fabric, these shirts combine a professional appearance with practical features needed for tactical operations. Ideal for wear under tactical vests or body armour during all-season use, providing additional protection and comfort due to the long-sleeve design.

3.2. Tactical Pants – 18 Units

Versatile tactical pants designed for operational use, range training, and everyday field deployment. Constructed from durable ripstop fabric, these pants offer an ergonomic cut that ensures comfort, durability, and freedom of movement. Their pocket configuration and reinforcement zones make them ideal for law enforcement and tactical personnel.

3.3. Lightweight Tactical Softshell Jacket – 18 Units

Lightweight tactical softshell jackets designed for multi-seasonal use during field operations, training, and patrol duties. Engineered to offer protection against wind and light rain, the jacket provides excellent breathability, mobility, and compatibility with tactical gear. Its compact construction makes it ideal for dynamic operations, especially in spring and autumn conditions.

3.4. Tactical Softshell Winter Jacket – 18 Units

Winter softshell tactical jackets designed for cold weather operations. Built to provide thermal insulation, wind protection, and water resistance, while maintaining high mobility and tactical functionality. Ideal for patrol, training, and operational use during autumn and winter seasons. The jacket must be compatible with tactical vests and load-bearing equipment.

3.5. Mid-Cut Tactical Boots with Waterproof Membrane – 18 Units

Mid-cut tactical boots designed for dynamic field operations, suitable for multi-terrain use and long-duration wear. Built to provide ankle support, breathability, and protection from wet conditions, while maintaining low weight and high agility. Ideal for military and law enforcement personnel engaged in tactical operations, patrols, or training.

4. Tactical Shooting Safety Glasses – 20 Units

Protective ballistic-rated glasses designed for firearms training and tactical use. They ensure reliable eye protection from fragments, ricochets, and thermal particles, while maintaining clear vision and wearing comfort during prolonged use.

4.1. Passive Shooting Ear Protection Headphones – 20 Units

Passive earmuffs designed to protect the user's hearing during shooting practice and tactical training. They ensure reliable attenuation of harmful noise levels while maintaining comfort and a stable fit during prolonged use.

4.2. Active Shooting Ear Protection Headphones – 5 Units

Electronic earmuffs designed to protect hearing during firearms use while allowing situational awareness and clear voice communication. Intended for instructors and personnel requiring both sound amplification and automatic noise suppression.

4.3. Advanced Shooting Safety Glasses for Instructors – 5 Units

High-performance protective glasses designed for intensive and prolonged use during firearms instruction. Provide enhanced ballistic protection, comfort, and optical clarity in dynamic range environments.

4.4. Protective Vests for Firearms Instructors – 5 Units

Soft ballistic vests designed to protect firearms instructors during live-fire training. Provide reliable protection against handgun rounds and ricochets, while ensuring comfort and freedom of movement throughout long sessions on the range.

Lot No. 1: Tactical Backpack – 350 Units

Product Specifications:

- Quantity: 350 units
- Material: 100% Nylon, abrasion-resistant and water-repellent
- Main Compartment Capacity: 18.5 litres
- Total Capacity: 24 litres
- Weight: Max. 1,067 g per unit
- Dimensions: 45 x 24 x 20 cm (± 1 cm)
- System Compatibility: MOLLE/PALS
- Zippers: YKK®

Product Features:

- One external pocket plus internal organizer for maps, markers, and tools
- Internal mesh pocket and hydration bladder compartment (Camelback-compatible)
- Loop panel for ID patches or personalization
- Shock cord with cord lock for securing external items (jacket, mat, etc.)
- 3D Mesh on back panel and shoulder straps for enhanced breathability
- Adjustable shoulder straps with quick-release mechanism
- Detachable webbing hip belt for load-bearing support
- Side and bottom compression straps for securing and stabilizing contents
- Durable transport handle
- Compact size ideal for EDC and day missions
- Multifunctional layout tailored for both tactical and rescue operations

Lot No. 2: Tactical Plate Carrier Vest – 88 Units

Product Specifications:

- Quantity: 88 units
- Material: Abrasion-resistant and water-repellent fabric (e.g., 1000D nylon or equivalent)
- Weight: Max. 1.5 kg per unit
- Colour: Black
- System Compatibility: Full MOLLE/PALS interface on front, back, and sides
- Closure System: Integrated quick-release mechanism
- Plate Compatibility: Must accommodate standard ballistic or training plates (SAPI/ESAPI format)
- Adjustability: Fully adjustable for height and waist circumference to fit a wide range of body sizes
- Ventilation: Inner lining made of breathable 3D mesh or equivalent ventilation-enhancing material

Product Features:

- Modular design compatible with various types of pouches and tactical accessories
- Reinforced stitching and structural integrity for use in high-stress environments
- Quick-release capability for emergency doffing
- Breathable construction providing comfort during extended wear
- Must allow safe and stable mounting of hard or soft armour inserts
- Design must ensure even weight distribution across shoulders and torso
- Capable of secure and ergonomic fit for prolonged operational use
- All components and materials must meet professional-grade tactical use standards.

Lot No. 3: Tactical uniform set (18 Sets) including:

3.1. Tactical Long-Sleeve Polo Shirt

Product Specifications:

Quantity: 18 units

Colour Variants:

- Shadow Grey – 9 units
- Olive Green – 9 units

Sizing Breakdown:

- *Shadow Grey:* S/M – 1, S – 2, M – 4, L – 1, XL – 1.
- *Olive Green:* S/M – 1, S – 2, M – 5, L – 1.

Product Features:

- Type: Tactical long-sleeve polo shirt
- Material: 100% technical polyester or equivalent
- Breathable, moisture-wicking, and fast-drying fabric
- Polo collar with buttoned or zip placket
- Reinforced shoulder zones for load-bearing gear
- Long sleeves with elastic or adjustable cuffs
- Loop panels on sleeves for name tags/patches
- Sleeve pocket with pen holder
- Ergonomic, slightly fitted cut
- Suitable for prolonged wear under tactical gear
- Machine washable, durable, and colourfast

3.2. Tactical Pants – 18 Units

Product Specifications:

Quantity: 18 units

Colour Variants:

- Shadow Grey – 9 units
- Olive Green – 9 units

Sizing Breakdown:

- Shadow Grey:
 - 28/30 – 1
 - 30/30 – 1
 - 30/32 – 1
 - 32/32 – 2
 - 32/34 – 1
 - 34/32 – 2
 - 36/34 – 1
- Olive Green:
 - 30/30 – 2
 - 30/32 – 1
 - 32/32 – 4
 - 34/32 – 2

Project Features:

- Material: Durable ripstop blend (e.g. 60% cotton / 37% polyester / 3% spandex or similar)
- Mechanical stretch for increased mobility
- Reinforced knees with internal pad compartments
- 12-pocket configuration including front, back, cargo, and EDC slots

- Gusseted crotch and articulated knees
- Adjustable waistband with hook & loop tabs
- Belt loops compatible with wide tactical belts
- Compatible with inside-the-waistband (IWB) holsters
- Straight leg fit suitable for wearing with tactical boots
- Machine washable, quick-drying, colourfast

3.3. Lightweight Tactical Softshell Jacket – 18 Units

Product Specifications:

Quantity: 18 units

Colour Variants:

- Shadow Grey – 9 units
- Olive Green – 9 units

Sizing Breakdown:

- Shadow Grey:
 - S – 2
 - M – 5
 - L – 2
- Olive Green:
 - S – 2
 - M – 4
 - L – 2
 - XL – 1

Product Features:

- Material: Lightweight 2- or 3-layer softshell fabric with membrane
- Wind-resistant and water-repellent (DWR treated)
- Breathable construction for high-activity use
- Full-length front zipper with chin guard
- Hood with adjustable drawcord (stowable in collar or fixed)
- Multiple zippered pockets (chest, shoulders, lower back)
- Underarm ventilation zippers
- Velcro panels on shoulders for insignia
- Elastic or adjustable cuffs
- Drawcord-adjustable hem
- Packable into its own pocket or small pouch
- Machine washable, quick-drying

3.4. Tactical Softshell Winter Jacket – 18 Units

Product Specifications:

Quantity: 18 units

Colour Variants:

- Shadow Grey – 9 units
- Olive Green – 9 units

Sizing Breakdown:

- Shadow Grey:
 - S – 3
 - M – 3

- L – 2
- XL – 1
- Olive Green:
 - S – 3
 - M – 4
 - L – 2

Product Features:

- Material: 3-layer softshell with membrane and microfleece lining
- Windproof and water-repellent (DWR-treated outer shell)
- Lightweight thermal insulation (microfleece inner lining)
- Full-length front zipper with storm flap
- Adjustable, anatomically shaped hood with reinforced visor
- Zippered chest pockets, bicep pockets, and lower back compartment
- Underarm ventilation zippers
- Hook-and-loop panels on shoulders for patches
- Reinforced elbows
- Elastic or Velcro-adjustable cuffs
- Bottom hem adjustable with drawcord
- Compatible with use over base layers or fleece
- Machine washable, quick-dry

3.5. Mid-Cut Tactical Boots with Waterproof Membrane – 18 Units

Product Specifications:

Quantity: 18 units

Colour Variants:

- Coyote – 9 units
- Black – 9 units

Sizing Breakdown:

- Coyote:
 - 41.5 – 2
 - 42.5 – 1
 - 43 – 2
 - 47 – 3
 - 49 – 1
- Black:
 - 41.5 – 2
 - 42.5 – 1
 - 43 – 2
 - 47 – 3
 - 49 – 1

Product Features:

- Type: Mid-cut tactical boots (ankle height)
- Upper: Durable synthetic fabric or suede leather with breathable panels
- Membrane: Waterproof and breathable (e.g., GORE-TEX® or equivalent)
- Lining: Moisture-wicking, quick-drying interior
- Sole: Rubber outsole with multidirectional tread for grip on multiple surfaces
- Midsole: Shock-absorbing, with cushioning properties

- Toe protection: Reinforced toe cap (rubber or thermoplastic)
- Heel counter: Stabilized structure for foot support
- Lacing: Speed lacing system or reinforced eyelets
- Weight: Lightweight construction for extended wear
- Intended for use in all-weather, all-terrain conditions
- Must ensure stability, flexibility, and breathability during tactical movement

Lot No. 4: Shooting protective equipment

4.1. Tactical Shooting Safety Glasses – 20 Units

Product Specifications:

Quantity: 20 units

Colour: Clear or lightly tinted lenses

Weight: ≤ 26 g

Product Features:

- Mechanical protection according to EN 166:
 - Class F – resistance to low-energy impact (0.86 g object at 45 m/s)
 - Class T – resistance to high-speed particles at extreme temperatures
- Optical protection: 100% UV (EN 172 compliant)
- Lens material: Polycarbonate
- Lens thickness: 2.0–3.0 mm
- Coatings: Anti-scratch (AS) exterior, anti-fog (AF) interior
- Ergonomic, lightweight frame
- Compatible with hearing protection
- Includes elastic neck strap and/or soft protective pouch
- CE certified

4.2. Passive Shooting Ear Protection Headphones – 20 Units

Product Specifications:

Quantity: 20 units

Colour: Black, green, or other subdued tactical tone

Weight: ≤ 350 g

Product Features:

- Type: Passive (non-electronic) earmuffs
- Mechanical protection: Certified according to EN 352-1
- Minimum SNR (Single Number Rating): 25 dB
- Adjustable, padded headband for secure fit
- Impact-resistant ear cups with soft sealing cushions
- Foldable or low-profile design
- Compatible with shooting glasses and tactical gear
- CE certified

4.3. Active Shooting Ear Protection Headphones – 5 Units

Product Specifications:

Quantity: 5 units

Colour: Black, green, or other subdued tactical tone

Weight: ≤ 450 g

Product Features:

- Type: Active (electronic) earmuffs with ambient sound amplification and impulse noise cut-off
- Mechanical protection: Certified according to:
 - EN 352-1 – passive hearing protection
 - EN 352-4 – active sound-dependent attenuation
- Minimum SNR: 25 dB
- Automatic cut-off function for impulse noises (e.g. gunfire) at ~82 dB
- Directional microphones for ambient awareness
- Volume control
- Power source: Battery-operated (AA/AAA), runtime ≥ 200 h
- Compatible with shooting glasses and helmets
- Foldable, adjustable headband
- Optional: 3.5 mm AUX input or Bluetooth module
- CE certified

4.4. Advanced Shooting Safety Glasses for Instructors – 5 Units

Product Specifications:

Quantity: 5 units

Colour: Clear (mandatory), optional interchangeable lenses in smoke or yellow

Weight: ≤ 30 g

Product Features:

- Mechanical protection: EN 166 class B (medium-energy impact – e.g. 0.86 g object at 120 m/s)
- Optical protection: 100% UV (EN 172 compliant)
- Lens material: Interchangeable polycarbonate
- Lens thickness: 2.5–3.0 mm
- Coatings: Anti-scratch (AS) exterior, anti-fog (AF) interior
- Flexible and impact-resistant frame
- Soft, adjustable nosepiece
- Low-profile temples compatible with hearing protection
- Delivered with protective case
- CE certified

4.5. Protective Vests for Firearms Instructors – 5 Units

Product specifications:

Quantity: 5 units

Colour: Black, grey, navy blue, or olive green

Weight: ≤ 3.5 kg (including ballistic inserts)

Product Features:

- Type: Soft ballistic vest, overt or low-profile
- Ballistic protection- certified to NIJ 0101.06 Level IIIA or equivalent (protection against 9 mm FMJ and 44 Magnum SJHP)
- Ballistic inserts: Removable, flexible, multi-hit resistant
- Outer material: Abrasion- and water-resistant (e.g. Cordura or equivalent)
- Lining: Breathable mesh or spacer fabric
- Adjustable shoulders and waist
- Ventilated and ergonomic design for prolonged wear
- Optional: Pockets for additional hard plates (front/back)
- CE and/or national ballistic certification required

Requirements for bidders:

Within the purchase call may apply legal entities who:

- i own and are able to submit a valid certificate of registration or extract for the legal entity in line with the activities outlined in the ToR;
- ii have at least 2 years of demonstrated experience in supplying tactical, military, or law enforcement equipment, particularly backpacks, vests, or similar gear used in field operations, training, or rescue missions;
- iii have collaboration with at least 2 specialized institutions such as law enforcement agencies, special operations units, military forces, border police, or other relevant entities, such as civil protection units, tactical training centers, or organizations involved in field response, defense, or security operations;
- iv offer a minimum 1-year warranty for the tactical equipment supplied under each respective lot (e.g., backpacks, vests), covering material defects and manufacturing faults.

Ineligible bidders:

- i. candidates with a record of non-compliance in fulfilling obligations under previous contractual relationships with Solidarity Fund PL in Moldova;
- ii. candidates currently engaged in active collaboration with Solidarity Fund PL in Moldova or holding an existing contract for the same or a similar type of service;
- iii. candidates appearing on government sanctions lists issued by the European Union and Poland.

Estimated order and execution time:

- The delivery period for the equipment kits should not exceed 4 months from the date of contract signing;
- The delivery is carried out under DAP (Delivered At Place) Incoterms 2020;
- The delivery direction is the Republic of Moldova, Ministry of Internal Affairs.

The application file will contain the following documents:

1. Certificate of Registration/Extract for the Legal Entity.
2. Activity portfolio with:
 - a. Demonstrated operational history of a minimum 2 years in supplying tactical, military, or law enforcement equipment, particularly backpacks, vests, or similar gear used in field operations, training, or rescue missions (e.g., through copies of contracts, reports, or other relevant documentation);
 - b. Collaboration with at least 2 specialized institutions such as law enforcement agencies, special operations units, military forces, border police, or other relevant entities, such as civil protection units, tactical training centers, or organizations involved in field response, defense, or security operations, supported by contracts, recommendation letters, handover documents, or equivalent;
 - c. Demonstrated operational history of at least 2 import-export operations conducted under DAP Incoterms 2020 conditions (through proof of delivery, customs declarations, commercial invoices, or other relevant documents).
3. Financial offer, in EUR, including the following:
 - (i) *the offer, indicating the amount without VAT and mentioning whether or not he is a VAT payer;*
 - (ii) *contact details (company, e-mail address, contact details, telephone number);*
 - (iii) *technical compliance specifications of the offered equipment, (demonstrating conformity with the requirements listed in the procurement description in the Terms of Reference).*
 - (iv) *statement confirming a 1-year warranty for the product.*
4. A declaration of compliance¹ [LINK](#) (according to the provided template from link), with the following annexes:
 - (i). *extract from the state register;*
 - (ii). *certificate regarding the absence of debts to the national budget on the date of submission of the application file.*
5. Tax residency certificate² for non-resident legal entities (in electronic form), or another official document attesting tax residence, issued by the competent *authority of their country of residence*.

****All documents in the dossier must be submitted in English.***

Due Diligence Procedure:

The due diligence procedure is carried out according to the internal rules of Solidarity Fund PL in Moldova. The dossiers are subject to verification in order to ensure the accuracy and consistency of the data provided by the bidder with public records and to identify the presence or absence of the bidder in the mentioned sanction lists. Additionally, the history of collaboration, behaviour, reputational risk, and other factors that may pose an increased or unacceptable risk to future collaboration are also analysed.

Evaluation procedure:

The evaluation procedure takes place in two stages:

1. Formal evaluation of the file:
 - The file is submitted within the deadline;
 - The file contains all the required documents (including those submitted in response to subsequent requests for additional relevant documents and/or information).
 - The bidders don't fall under the provisions regarding "Ineligible Bidders".

Where applicable, the Evaluation Committee may request the submission of missing documents, as well as additional relevant documents and/or information. The Committee is also entitled to correct technical errors, including calculation errors, provided that such corrections do not significantly alter the content of the application file, and shall immediately notify the Bidder of any changes made.

2. Content evaluation according to the evaluation **criteria reflected in the Evaluation Form** that can be accessed [here](#). The application files are individually evaluated by the members of the evaluation committee, after which the individual results are consolidated, and the average score obtained for each application file is determined.

After evaluating the application files, the evaluation committee may decide to negotiate the proposed price offer, conduct the interview phase with the bidder(s) pre-selected at the previous stage in order to identify the most suitable bidder for the provision of the service. At the interview stage, the evaluation committee may request relevant additional documents if deemed necessary.

After completing the selection stages, all bidders will be informed about the results of the call for tenders.

Exclusion of bidders from the procurement process:

1. Bidders are excluded from the procurement procedure if a final court decision or administrative act has been rendered against the natural person, entity or person representing him/her, has control/decision-making power, or against any member of the executive, management/supervisory bodies for any of the following reasons:
 - a. bankruptcy, insolvency or liquidation proceedings;
 - b. violation of obligations regarding the payment of taxes or social security contributions;
 - c. committing serious professional misconduct, including false statements;
 - d. fraud;
 - e. corruption;
 - f. an action associated with a criminal organisation;
 - g. money laundering and terrorist financing;
 - h. terrorist offence or offences related to terrorist activities;
 - i. child labour or any other crime related to human trafficking;
 - j. establishment and fulfillment of the function of a front company;
 - k. setting up a roofing company;
 - l. using or participating in discrimination or harassment, including sexual harassment. The exclusion can also occur if there is no final court decision or administrative act in question and has been proven by means available to Solidarity Fund PL in Moldova or development partners.
2. The bidder is excluded from the procurement procedure if according to the legislation of the Republic of Moldova, the Republic of Poland, the European Union, international, or the country of the donor, restrictions

are applied regarding the entity or person representing it, holding control/decision-making power, or against any member of the executive, management/supervisory bodies.

3. The bidder is excluded from the procurement procedure if the application file is incomplete or sent after the deadline.
4. Solidarity Fund PL in Moldova reserves the right not to limit itself to the exclusion criteria from the procurement procedure, mentioned above.

The application file must be sent to the email address: procurements@solidarityfund.md, with a note/title **"Offer for procurement of Breaching and Security /Tactical Equipment"**.

NB! Questions regarding the purchase can be sent to the email address: procurements@solidarityfund.md, no later than 5 days before the deadline for submitting the application file.

The answers will be published in the Q&A section, 3 days before the deadline for submitting the application file.

** The bidder has the right to establish the limits of confidentiality of the data provided and to mention which of the documents attached to the tender are confidential.*

*** Personal data will be processed by Solidarity Fund PL in Moldova for the purpose of carrying out the procurement process, in accordance with the provisions of the legislation in force and internal rules. The provision of personal data is voluntary. The refusal to provide data leads to the impossibility of concluding the contract with Solidarity Fund PL in Moldova. Individuals have the right to obtain information on the purpose, scope and manner of processing of personal data, the right of access to their personal data, their portability and rectification. Personal data may be transmitted to donors, auditors, state bodies, including public law enforcement bodies, lawyers – for the purpose of controlling Solidarity Fund PL in Moldova, protecting rights, resolving disputes. Personal data will not be passed on to other third parties without the prior consent of the bidder. Any questions regarding personal data can be directed to Solidarity Fund PL in Moldova via e-mail info@solidarityfund.md.*

****For the purpose of transparency of the procurement process, the results of the tender with the information on the selected provider (name/surname, surname, service provided, price, period) will be published on the website of Solidarity Fund PL in Moldova. Participation in the tender by sending documents means acceptance of the publication of the results of the call for tenders, except for information marked as confidential.*

*****Solidarity Fund PL in Moldova reserves the right to cancel the procurement process at any time without any obligations towards the bidders.*
